

# Stock Option Strategies Made Easy!

**StockOpter® Pro**

Equity Compensation Strategy Modeling Software

**StockOpter® Pro** from Net Worth Strategies enables advisors to compare and contrast the after-tax effects of different exercise and sell strategies to help clients make wise diversification decisions.

StockOpter® Pro's productivity enhancing wizards allows you to develop and clearly illustrate strategies for ISOs, NQSOs and Restricted Stock Awards.

Visit: [www.networthstrategies.com](http://www.networthstrategies.com) or call 877-728-5964 for:

- A list of equity compensation planning specialists by state
- Marketing material for attracting executives with equity compensation
- Resources on equity compensation education and back office assistance
