In all likelihood there will be differences between the projected and actual results, as events and circumstances frequently do not occur as projected and those events and circumstances may be material.
- ii. There may be material factors that are part of the models or for which simplified estimates are given. By way of example and not by limitation, the estimated income tax results do not automatically take into consideration such factors as passive activity losses, recapture of depreciation, net operating loss carry-forward, selected alternative minimum tax preference items and the like. As such, the tax computations made by the Net Worth Strategies' Program may be substantially incorrect in many circumstances.
- iii. Net Worth Strategies has made commercially reasonable efforts to use income tax calculations based upon current tax rates and tax provisions; however, the Internal Revenue Code and interpretations of the Internal Revenue Code frequently change and Net Worth Strategies cannot guarantee that the Product will be up to date.
- iv. In all likelihood, there are defects and limitations in the Net Worth Strategies' Program that will produce erroneous projections and output.
- v. The accuracy of the projections and output produced by the Net Worth Strategies' Program depends on the validity and accuracy of all inputs and user assumptions.

9. Arbitration. Any dispute arising out of or relating to this License Agreement or to the Program that is not settled by the parties themselves shall be submitted to binding arbitration in Bend, Oregon under the Commercial Arbitration Rules of the American Arbitration Association. The arbitration and any related proceedings shall be controlled by the U.S. Arbitration Act and to the extent not covered by that act, by the Oregon Arbitration Act.

- B.** This License Agreement shall be governed and construed in accordance with the laws of Oregon or by federal statute, where applicable.
- C.** If any provision of this License Agreement shall be found to be unenforceable, it shall be deemed severable from, and shall in no way affect the enforceability of, the remaining provisions of this License Agreement.
- D.** The exclusive venue for any court proceedings arising out of or related to this License Agreement or the Program is the state and federal courts of Deschutes County, Oregon.

In the event Net Worth Strategies charged such taxes on the License in this License Agreement, Net Worth Strategies may add an equal amount to the total fee owed by Licensee hereunder. Net Worth Strategies reserves the right in its sole discretion to accept reseller tax exemption certificates from purchasers.

To the extent that any Confidential Information is communicated from one party to the other or that any Customer Information is communicated from Licensee to Licensor the provisions that follow shall apply.
- B. During the course of The Agreement, either Party, its employees, subcontractors, officers and agents may receive or have access to Confidential Information of the other Party. In the event the Receiving Party obtains Confidential Information from the Disclosing Party, the Receiving Party agrees to keep such Confidential Information in the strictest confidence and safeguard such information using the same degree of care as it uses to safeguard its own Confidential Information, which in no case shall be less than a reasonable degree of care. - C. As to Customer Information, Licensor acknowledges that Licensee has a responsibility to its customers and the customers of the Licensee Affiliates to keep Customer Information strictly confidential and proprietary. In the event Licensor is required to handle or review any Customer Information, Licensor shall provide Customer Information to Licensor's Personnel only after informing such Personnel of the confidential nature of the information and of their obligation to maintain the confidential nature of the Confidential Information.
